The Picture of Dorian Gray – reviewed by Lista Pavloudi by Oscar Wilde Reviewed by Lista Pavloudi I chose the book THE BILD OF DORIAN GRAY because I had heard from some of my friends that it is very good and keeps you in suspense. When I took the book and read the title, I expected it to be a man called Dorian and his image. Dorian Gray was a handsome rich person with beautiful eyes. Basil was a very good painter and he painted a portrait of Dorian Gray. Harry was Basil and Dorian's friend. When Basil finished the portrait, it was so beautiful that Dorian expressed the wish that his appearance would remain the same and that the image would grow older by the day. Over time, Dorian became an evil man and killed Basil because he was the man who painted the portrait. After that, Dorian changed a lot. In the end, Dorian decided to destroy the image. His co-workers heard a man crying in the attic, and as they walked into the room, they saw a beautiful portrait and an old man lying on the floor with wrinkles. In general, I liked the whole book, but my favorite part was where Dorian destroyed the portrait and was my least favorite part where Dorian killed Basil. I found the character of Dorian Gray credible and likeable because he had two personalities and that made him really interesting. The plot was fabulous because there was a murder and an action. The author's style is great, clear and has a fantastic aura. I think the author did a good job and I wouldn't do anything else. When I finished the book, I felt happy because I had read it. I think the book influenced me and now I think differently. I think more mature and I understand that there are people who don't appreciate their lives... They prefer to be beautiful and stay young, forever evil at the same time and they don't want to get older over time and learn new things about life. I also felt relief and joy. I was proud because I had read this interesting book. TI recommend this book to my friends because I think they will enjoy it. The book was wonderful, as I expected. I liked the story and wanted to read it over and over again. This process is automatic. Your browser will shortly redirect to your desired content. Please allow up to 5 seconds...
